### Ray Newman Soling - 50 Regatta

Ray Newman Soling -50 Regatta was held over the July 16 and 17 weekend. Nine club members registered for the race. Unfortunately, Kerim Baran only made it for the last two races and Filippo joined the event for day 2 as Mike Eldred took over RD duties.

There was good wind both days but the wind shifts were numerous and forced skippers to make quick adjustments.

Ken Campbell, Gerry Wold and Kim Robbins took the top three spots, while Lon and Tom fought it out for the coveted "Best of the Rest" #4 spot. In the end only 1.1 points separated them. Ty Beach was back at the pond for his second event this month and did well the first day but faltered on day two due to some mechanical problems. Hope to see him in fine form at the next Points Race. Tom Gardner lucked out when he came to the pond without a radio and tool box. Ken Campbell saved his day with a quick receiver and radio on the loan. Great Sportsmanship all round. Let's see...where was that check list?

(All scores on last page)

**Saturday's BBQ was mighty fine.**

### Upcoming Events

August		
6-7	9:00	Free Sail National Championship
13	11:30	Sail Points: IOM, ODOM, S/B, Soling-50, RD: Mark Hallberg
28	9:00	Power Points
September		
10	11:30	Sail Points RD: Greg Dawe
11	10:00	Board Meeting- Lon's Garden
17-18		Thunder Boats
24-25		Pacific Islanders

**REMINDERS: Freesail National Regatta August 6, 7**

**PTS RACE ON August 13<sup>th</sup>, Mark Hallberg**

**Start Sequence is IOM, ODOM, S/B, Soling-50,**

### 36R Freesail National Championships

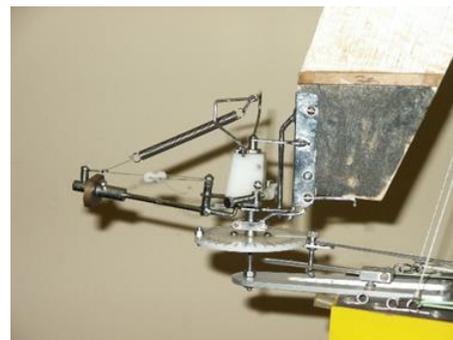

San Diego California, August 6 & 7, 2016

### What is a Freesail Yacht?

By Ernie Mortensen

Before the San Diego Argonauts commenced their Club in 1958 there was the San Diego Model Yacht Club that sailed on the Mission Bay Model Yacht Pond with Freesail Boats steered with Braine and Vane Steering. Before there was the American Model Yachting Association (AMYA) which started in 1970 there was the Model Yacht Racing Association of America (MYRAA).

Prior to the 1970's, before the advent of remote control electronics, model sailboats were steered by a device called a "vane" (see picture below). The device is mounted behind the mainsail and linked to the rudder. The vane can be adjusted to monitor the wind on all points of sail. After the sails and vane are adjusted to the skipper's liking – the boat is set free and it sails on its own i.e. "Freesailing." The "vane" will steer the boat to the apparent wind, so it is critical that the sail settings and vane adjustment are synchronized. Did you know that the Santa Barbara when it was invented in the 1960's by Tom Protheroe, was originally steered by a vane?

**Steering Vane**

A Freesailing Regatta is Match Racing. Two competitors race against one another; once to weather on a Tack and then downwind on a Run. If you win the Tack you are awarded three points and the loser gets no points. If you win the run you are awarded two points and the loser gets no points. Multiple runs are made over the 2 day event.

At the end of the regatta the points are totalled and the highest score is the winner. On the downwind leg (the run) you may see a spinnaker flying if the skipper feels confident in the steadiness of the wind. By the way, hailing "Starboard" is to no avail as the boats are only controlled by the wind. If a collision occurs, the competitors can request a restart.

This is the third year that the National Freesail regatta has been sponsored by the Argonauts and held in San Diego. The pond was designed for Freesailing and has a great East West Axis. Competitors will assemble from San Francisco (the US Home of Freesailing Yachts), from Colorado, possibly from Massachusetts and of course, San Diego. With the possibility of acquiring a few vanes and several boats under construction perhaps a few more folks will be enjoying Freesailing. Contact Ernie Mortensen for any details @ 858-525-5217

### Winemaker Winner

Bart Klatt, one of our newer members (2015) is still working hard to make his Santa Barbara go fast. But he has other talents too. Winemaker Magazine has a yearly wine competition and this year there were more than 3,000 entries. Bart got a Bronze Medal for his 2015 German Riesling. Congrats to Bart!!

### SAN DIEGO ARGONAUTS

#### CLUB MEETING – MINUTES, JULY 9, 2016

**Present:** Mike Eldred, Kim Robbins, Bob DeBow, Bob Hirsch, Tom Gardner, Glenda Gardner, Lon Wahler, Mark Hallberg, John Tyler, Filippo Busalacchi, Dennis Frost, Bill Honeycutt, Gerry Wold, David Woodward, Dunham Reilly, Ken Campbell, Bob Williams, Greg Williams and others.

#### General Discussion Items:

1. The reorganization of the club with Officers instead of Directors
2. Participant medallions 1<sup>st</sup> to 4<sup>th</sup> during Points Races
3. RD's options and scores during Points Races
4. Hitting the marks during Points Races
5. Resources for new members
6. Scheduling and advertising for regattas

**Officers Instead of Directors:** After some discussion regarding the roles of officers and directors and the tasks assigned to them Mike Eldred will ask for volunteers to help him craft changes to the Club's Constitution, in particular sections 5, 6 and 7 as it relates to officers of the club. Changes to the Club's by-laws, sections 2 and 3 relate to officer's duties, may also be proposed. It was also asked that a document titled "Guidelines for Duties of Officers and Directors" Revised 2013 by John Tyler be distributed to all club members. For questions regarding the proposed changes please contact Mike Eldred.

**Note:** Any proposals will be sent out to all club members in writing and members will be notified of the time and date of the meeting at which the vote will be taken. According to our by-laws (Sec. #11) a two-thirds **2/3 vote of members present** shall be required to approve the proposed changes.

**Participant medallions during Points races:** The motion was made to discontinue the use of medallions during Points Races. After discussion a vote was taken and the motion carried.

**Hitting the marks during points races.** The option of changing the rules to allow for hitting the marks during a Points Race was discussed. An informal motion was made to keep all rules in accordance with RRS. A vote was taken and the motion carried.

**RD's options and points during Points Races:** Currently there is a rule that says when the RD does not race his normal boats when being Rd he receives the annual average for that Points Race. If the RD races his boat he receives the score he

gets during the races. It was suggested that the RD be able to have the best of either score. It was also suggested that the RD only be allowed to race in one class so that they concentrate on being RD. Neither issue was voted on. The current rules, with no limitation on the number of classes an RD can race remains in effect.

**Resources for New Members:** It was asked what new members get when they join the club. New members are usually sent the Membership Handbook which includes the club's constitution and by-laws, a calendar of events for the year and a recent newsletter. For new members in the Sail Division the Club's sailing instructions are also included with a transmittal email. It was suggested that new members also get a link to the USA Sailing Rules. These are available online at the International Sailing Federation (ISAF) World Sailing website: [www.sailing.org/documents/racingrules/index.php](http://www.sailing.org/documents/racingrules/index.php) It was also suggested that these be on the Argonauts website.

**Scheduling and Advertising of Regattas:** After some discussion of timing (spring and summer being the worst time for regattas) it was noted that AMYA advertisements were needed months ahead of the regattas and that most regatta planning had to be done in August and September. Bob Hirsch has volunteered to make this happen and will outline a plan at the next regular Board meeting on Sept. 11.

*Prepared by Tom Gardner, Secretary 7/11/16*

### **July Points Race**

15 skippers came for an afternoon of winds from the souths and some patchy holes in the course. Our largest fleet was the Santa Barbaras with 10 boats, followed by the Soling -50's with 9. This month we saw the return of Ty Beach in the Soling-50 class and Ben Reeve in the Santa Barbara class.

**Ty Beach and Ben Reeve back again!**

Ty was a member back in 2002 through 2009 but has been in Tennessee. He got into town and within one week signed back up to do some racing with his Soling. Ben was a member from 1992 to 1996. Along the way life happened and he had some children, now they are grown up so he can come out and play with boats once again. He is sailing the S/B and hopes to be also in the ODOM fleet before long.

There were also two other new boats on the pond, these however came up from Arizona after Jimmie took a long road trip. Mr Hawkins now has a IOM and ODOM ready to go.

**Mr. Hawkins new toys...lookin' good!!**

### **Boats For Sale**

U.S. One-Meter with sails and radio \$350 OBO. Call or see Dennis Frost at 619-972-5788.

Soling -50 with sails and radio ready to sail. Completely refurbished new electronics, and Black Sails. Contact Don Lair for details at 619-213 6410. \$850.00 firm. I hear this is a fast one.
